

SPENDERS GAIN VICTORY OVER ECONOMY BLOC

Wage and Labor Deps. Cut
But Others Are Hiked
Above Budget.

By The Associated Press
WASHINGTON, March 29—De-
spite cuts for two labor agencies,
the congressional spending wave
gained force today from house
majority of a labor department—
social security bill \$55,651,058
above the President's budget.
In an apparent rebuke of its
opponents, a \$337,000 slash was
made in the national labor board
and the wage-hour division.
Hep. Cox (D-Ga.) said its
reduction reminded him of "agents
of Moscow." The wage-hour divi-
sion, another target of house criti-
cism, was whittled down
\$1,300,000.
In general, however, the house
was not in an economy mood
when it passed the \$1,021,639,700
appropriation bill late yesterday.
It total exceeded White House
recommendations because in-
creases were voted for the CCC
and the national youth adminis-
tration.

Farm. WPA Hopes Raised
These election-year victories for
the two semi-relief agencies im-
mediately raised hopes that farm
and city members who lost jobs
would be gained for farm bene-
fits and WPA. Economy advan-
ces were not sure that these
hopes would go unfulfilled.
The house allowed a \$500,000
increase for the CCC to boost
its total to \$280,000,000, and NYA
was increased \$17,450,000 to \$102-
\$50,000. Among the other items
approved was \$421,000,000 for the
social security program.

On the other side of the ledger,
the labor board was voted only
\$2,843,000 and the wage-hour
division \$6,406,400.

Administration forces con-
ceded that the reduction was designed
to "scuttle" the labor board by
abolishing the economic research
division, which Rep. Murdock (D-
Ohio) called the "right arm" of
the agency. Rep. Wood (D-Mo.)
asserted that the cuts would
"hamstring" administration of the
Wagner act.

Flood Control May Gain
Beside the CCC and NYA in-
creases, another budget item
estimates was threatened in the
senate subcommittee considering
the supply bill for the war de-
partment's civil functions. Sena-
tor Thomas (D-Okla.), its chair-
man, said funds for flood control
might be increased \$25,000,000 or
\$30,000,000. The budget carried
\$70,000,000 for this purpose.

Supporters of farm parity pay-
ments, meanwhile, were confident
of house approval of \$121,000,000
voted for that purpose by the sena-
te.

Rep. Cannon (D-Mo.), house
manager of the farm measure and
an advocate of parity payments,
expressed the belief that city
members would support the ex-
tra-budget item, because its bud-
get is an \$85,000,000 surplus
top removal fund. The latter in-
cludes money for the "food stamp
program" to aid urban relief
cents.

BLOOD-STAINED CAR HUNTED IN SLAYING

Handkerchief and Footprints
Only Other Clues Found.

(Picture on Page 15)
By The Associated Press
STATE COLLEGE, Pa., March
29—Flooded doggedly through
rain and fog, state motor police
today searched for a blood-
stained automobile they believe
led them to the slain maniac
who brutally beat to death 17-
year-old Rachel Taylor.
Starting up until almost dawn
and covering their quest after a
few hours sleep, the troopers
searched for a blood-stained
automobile they believe
led them to the slain maniac
who brutally beat to death 17-
year-old Rachel Taylor.

Two other clues—a man's
blood-stained handkerchief and
prints of footprints found near the
handkerchief—were turned over
to laboratory experts.

A hitch-hiker was picked up
by a stationing by borough police
and later was released.
In Pittsburgh, police seized two
men questioning. One was de-
scribed as a former convict re-
leased from Rockview prison
before the girl was killed.
The person is about eight miles
from the spot where the body
was found.

The convict, police said, was
not at the prison gates by the
time men taken into custody and
to the convict's brother. The two
men were turned over to
police at Greensburg.
Police of State College towns-
ship and fellow students of the
slain girl, Penn State college home
economics freshmen were question-
ed but they could give little help.
Sergeant Wilbur F. Leitzell said

Driver Appealing Conviction Faces Two New Charges

Raymond R. Kurtz, 47, of
Augusta, whose recent conviction
on a drunken driving charge is
being appealed, was again ar-
raigned in municipal court this
morning on a similar charge.
He pleaded not guilty to the
new charge, filed by Police Chief
Markus yesterday, and was ordered
held under \$500 bond pending a
hearing before Municipal Judge
Hazen April 5. Court officials
explained that the bond is un-
usually high because it is the third
time Kurtz has faced drunken
driving charges here.

Fraud Also Charged
The new drunken driving charge
was filed shortly after Kurtz was
arraigned on a fraud charge filed
by Russell D. Luke, president of
the Van Atta Hardware Co., who
alleges Kurtz issued a question-
able check for \$738 recently.
Kurtz also pleaded not guilty to
the fraud charge, waived prelimi-
nary examination and was bound
over to the grand jury under \$500
bond. He had not furnished either
bond at noon today and was being
held in city prison.

Kurtz, who had been free un-
der \$300 bond pending the out-
come of the appeal in the pre-
vious drunken driving case, was
re-arrested Tuesday as he got out
of his car on the city parking lot
on South Prospect street, police
reported. He had been held at
city prison on an open charge
until yesterday when the drunken
driving and fraud charges
were filed.

Kurtz was first arrested on a
drunken driving charge in 1935,
pleaded guilty and was fined \$100
and costs, sentenced to 10 days
in the county jail and his driving
rights were revoked for six
months, court records show.

Driving Questioned
Then last Dec. 30 he was again
arrested on a drunken driving
charge while his stalled automob-
ile was being pushed by an-
other car west of Marion. This
time Kurtz pleaded not guilty but
was convicted Feb. 13 by Judge
Hazen who fined him \$200 and
costs, sentenced him to 10 days
in jail and revoked his driving
rights for one year.

Execution of this sentence was
held up, however, when Carter
M. Patton, attorney for Mr. Kurtz,
filed a notice of intention to ap-
peal the case to common pleas
court on the grounds that Mr.
Kurtz was merely steering and
not operating the car at the time
of his arrest.

LOUIS-PAYCHEK FIGHT

NAZIS CHARGE U. S. AIDED IN STARTING WAR

Reveal Secret Documents Al-
legedly Taken from Polish
Foreign Office.

By The Associated Press
BERLIN, March 29—Sixteen
documents which German au-
thorities said were found in the
archives of the Polish foreign of-
fice in Warsaw were handed to
the press by the Berlin foreign of-
fice tonight with the authorized
comment that they shed "a most
interesting light on the part which
American policy played in bring-
ing about the present war."
President Roosevelt and Joseph
P. Kennedy and William C. Bullitt,
United States ambassadors to
London and Paris, were named in
the documents. Some of them
were represented as confidential
reports by the Polish ambassadors
to Washington, London and Paris
and the Polish minister to Stock-
holm.

Letter by Eden
Among them are what are re-
presented as a letter by Anthony
Eden, former British foreign sec-
retary; a letter by the Polish gen-
eral staff; a report by the Polish
commercial attaché in London on a
chat with Ambassador Kennedy.
All the documents were accom-
panied by photographic reproductions
of the alleged originals.
One of the papers was labelled
a confidential report by Count
Jerzy Potocki, Polish ambas-
sador in Washington, dated Nov. 21,
1938.

It said that Bullitt hoped that
during the ensuing two years
Germany would engage in con-
flict with Russia, thereby giving
the western powers an opportunity
to get ready.
Bullitt's reports to President
Roosevelt and the state depart-
ment are always studied with at-
tention, the alleged report—Jo
Zef Beck, Polish foreign minister
—read.

Strong Words Charged
"Bullitt spoke with the greatest
vehemence and strong hatred of
Germany and Chancellor Hitler,"
this alleged report said. "He opined
that only strength applied at the
close of war could in the future
put an end to Germany's mad
expansion. To my question how
he viewed this coming war, he
replied that the United States,
France and Britain must arm up
tremendously in order to defy
German power."
"To my question whether the
United States would participate in
such a war he (Bullitt) replied:
"Undoubtedly, yes, but only after
England and France bestirred
themselves first." The attitude in
the United States, he said, was so
adverse to Nazism and Hitlerism
that even today there is a psy-
chosis among Americans simi-
lar to that before America's de-
claration of war on Germany in 1917."

Have 3-Point Program
The group wanted specifically
to win the support of Ohio con-
gressmen for a three-point pro-
gram to slacken federal spending,
for a uniform procedure for fed-
eral agencies and make their or-
ders reviewable by courts, and to
amend the national labor rela-
tions act.
Scores of business men were
on hand for the conference, the
third annual meeting. It was ar-
ranged by the Ohio Chamber of
Commerce and local chambers in
the state.
"Our sole object," said A.
Graves Williams, president of the
Ohio Chamber, "is to assist in
making this world a better place
to live in. We are not asking for
special which will be beneficial
to the world as a whole."
"It is only by such means as
this and through business men
taking time to come to Washing-
ton that we may emphasize our
viewpoint upon vital national leg-
islation affecting business and in-
dustry."

**AUTO LICENSE SALE
IN CLOSING STAGES**
Total Passes 4,400 with Dead-
line Sunday.

Approximately 1,000 automobile
owners are expected to apply for
1940 license plates before the
deadline at midnight Sunday.
James E. Messenger, deputy motor
vehicle registrar here, said today.
This morning the number of
licenses issued here passed 4,400
which was slightly ahead of the
number issued at this time last
year. However, approximately 8-
000 automobiles are licensed at
the Marion office each year, indi-
cating that only about 50 per cent
of the automobile owners here
have purchased 1940 plates.
In past years between 5,500 and
6,000 motorists have obtained li-
censes before the deadline, the
others waiting until later to pur-
chase new plates. Mr. Messenger
pointed out. A large number of
plates are usually issued during
April each year, he said.
To take care of a last minute
rush which always develops a
short time before the deadline,
the office will be open until 9
p. m. both tonight and tomorrow
night. Although there has been a
steady stream of applicants all
week, Mr. Messenger said, the
"rush" had not yet started at noon
today.

**C. of C. Secretary at
Washington Parley**
Louis E. Michel, secretary of
the Chamber of Commerce, was
in Washington today to attend the
conference of Ohio congressmen
and business leaders. One or two
other Marion men were also
attend. It is expected that Con-
gressman Frederick C. Smith will
be among the legislators present.
Mr. Michel left for Washington
yesterday afternoon and is ex-
pected to return Tuesday.

Business Council members at
Smith's program will be Presi-
dent T. L. Johnson of Columbus,
Robert P. Ward of the Ohio Cham-
ber and Kent House of Columbus.

Expansion Seen As Only Cure for Hospital Problem

Addition Unlikely Now;
Overcrowding Eased
in Recent Days.

With overcrowded conditions at
City hospital eased during the last
few days, city officials today are
keeping their fingers crossed
hoping that similar conditions
won't arise at the institution
again.

Late yesterday there were 48
patients in the hospital, about
three under the maximum which
can be taken care of adequately,
hospital attendants reported. A
week ago the hospital's popula-
tion ranged from 34 to 50.
Although officials have held
several conferences during the
last few days regarding crowded
conditions at the hospital, no solu-
tion has been reached. Mayor
Russell C. Sharr and Safety-
Service Director Clyde C. Cald-
well reported.

Both officials said they believe
the hospital's policy of reserving
one or two rooms for emergency
cases will prevent the re-occur-
rence of overcrowded conditions
except in extreme cases. Last
week, they pointed out, the vol-
ume of emergency cases was so
great that rooms held for emer-
gency were occupied constantly.

One Permanent Solution
A check-up of city and hos-
pital officials and members of
the hospital board brought the
unanimous opinion that the only
real, permanent solution to the
problem would be enlargement
of the present building. However,
such a project would require a
large expenditure and can't be
undertaken by the city at the
present time, they said.

A suggestion that since a large
number of cases coming into the
hospital are from out of the
county it might help matters to
restrict these cases in times of
extreme overcrowding brought
unfavorable reaction from officials.

They pointed out that while
the hospital is operated as a
municipal institution revenue
from cases outside the county
play an important part in the
city's policy of making the hos-
pital self-supporting.

One city official pointed out
that since Marion is the trading
center for a large area which in-
cludes several counties, the fa-
cilities of the hospital should be
offered on a first come first serve
basis.

How successful the city has
been in its policy of making the

REPORT 30 DIE IN TORNADO

Louisiana Community Hit by
Storm; Many Homes
Damaged.

By The Associated Press
NAPLESVILLE, La., March 29
—The Louisiana Light & Power
Co. received reports here today
that a tornado had struck the
small settlement of Pierre Part,
20 miles distant, and killed about
30 persons.
A. J. Howard, company official,
said he received advice that the
tornado struck about 11 a. m. and
demolished the church and many
homes in the village, inhabited by
fishermen and trappers.
The reports said that "at least
30 persons were killed," and some
hurt.

Doctors and nurses sped to the
village from here and from
Donaldsonville, and ambulances
were sent from neighboring towns.
The population of Pierre Part
is about 800.

Sheriff Lezin H. Hume of As-
sumption parish reported he had
been informed between 30 and
40 were killed.
The sheriff said all his depu-
ties and "practically all the re-
sidents of Napoleonville" had
rushed to the community's aid.

The little settlement of Pierre
Part is in a remote, back section
of Assumption parish and is in-
habited by fishermen, shrimpers
and oystermen. They live in a
long line of unpainted cabins.
The town looks out on the
broad expanses of Lake Verret,
and is reached only by secondary
roads or boats. Little wharves of
sagging, unpainted boards, pro-
ject out into the waters in front
of the cabins, providing mooring
places for the fishing and work
luggers, while fishnets dry in the
sun.

PRISON FARM THEFTS PROBED AT LONDON

Amrine Turns Evidence Over
to Prosecutors.

By The Associated Press
LONDON, O., March 29—A
story of money shortages and the
theft of state and prisoner funds
by officials at the London prison
farm was being investigated to-
day by County Prosecutor Jack
Amrine.

Sgt. W. F. Amrine turned over
to him a state examiner's report
listing a shortage of \$1,200 in the
prison farm commissary fund.
Amrine said he also submitted
evidence of padded pay rolls and
embezzlement of state and prison-
er funds by other prisoners.

Amrine said that one prisoner
had been "discovered" confessing
to having stolen money from the com-
missary fund. He said he was
also told that the prisoner had
been "discovered" confessing to
having stolen money from the com-
missary fund.

VESSELS HELD IN FAR EAST

Suspected Carriers of Contra-
band Transferred to Paris
Ally by Britain.

By The Associated Press
Great Britain apparently tried
today to rid herself of a war-born
controversy with Soviet Russia
by announcing she was turning
over to French authorities in the
Far East two Russian freighters
suspected of carrying contraband
for Germany.
"For administrative reasons," a
London announcement said, "it
has been found convenient to
transfer the ships from the cus-
tody of one ally to that of the
other."
France's diplomatic relations
with Russia were rendered more
difficult only this week when the
French government asked that
Russian Ambassador Jakob Suritz
be recalled as "persona non grata."
The Russian freighters Selenia
and Vladimir Maynkovsky, the
latter enroute from the United
States to Vladivostok, were in-
tercepted by Far Eastern waters
by the British navy and taken to
Hongkong where the London an-
nouncement said, "examination for
the purpose of contraband con-
trol has not yet been completed."
Russia has been seeking their re-
lease.

Red Parliament in Session
Russia's parliament opened its
third session in seven months with
these high spots on the program
outlined for it:
1. A report on foreign affairs by
Premier - Foreign Commissar
Vyacheslav Molotov.
2. Creation of a "Kuvakin-
Finland Union Republic" out of
territory yielded from Finland and
ratification of the peace treaty
which ended the conflict with the
northern state.
3. Announcement of the budget
for 1940.

A "breathing spell of Europe's
warfare today turned attention
to evidence of a diplomatic strug-
gle which may have farflung con-
sequences.
A decision of the allied air-
power council, which yesterday
warned Great Britain and France
into no even slight conces-
sion, was interpreted by observers
in London as a sign that the
allies are growing impatient with
waiting tactics.

Next Trouble Spot
They saw the Balkans as the
next "trouble spot" and said the
allies were alert to any German
attempts to thwart the allies'
blockade by diplomatic measures,
particularly in Rumania.

In this light, considerable sig-
nificance was attached to the
calling home of British and
French envoys in southeastern
Europe for early April consulta-
tions; to the allies' seeming in-
clination not to upset their re-
lations with Soviet Russia; and
in the friendly remarks in Tokyo
yesterday by British Ambassador
Sir Robert Leila Craigie.

Neutral observers consider
peace in the orient a necessity
which Britain must buy at "at-
least any price," but British
officials were quick to point out
that the allies' policy was
no implication in the ambas-
sador's speech of early British
recognition of the new regime
that Japan is establishing in oc-
cupied areas of China.

Closely linked with the diplo-
matic front is the blockade war-
fare, with the allies openly
anxious about reports of German
freighters edging down the Nor-
wegian coast with vital cargo
from the northern countries.

In the Far East, three German
freighters were reported loaded
with goods in Batavia, Nether-
lands East Indies, ready for a
dash to Vladivostok, Russian Por-
tuguese.

British and German vessels of
an armed attack on a convoy in
the North sea last night con-
firmed. The German high com-
mand said one patrol boat was
sunk, six merchantmen were hit
and the convoy dispersed. DNB,
official German news agency,
said a French destroyer also was
sunk "successfully" in the
British channel.

The British admiralty said five
bombs were dropped but did no
damage.
In Berlin, meanwhile, the first
press publication of pictures of
various types of Germany's
heaviest artillery, reportedly in
an officially inspired effort to
secure the status of Germany's
readiness when and if guns seek
in earnest on the western front.
Both French and German high
command communique reported
inactivity on the front.

Mrs. W. C. Haldeman of Marion Trinity church was elected president of the Marion Baptist Association. The annual spring rally held last night at the Prospect Baptist church, about 25 young women were entertained by the Rev. and Dorothy Murray, guild of Prospect.

Other officers elected are Mrs. Charles F. Jones of Marion Trinity.

April Rally Announced
The Marion Baptist Association will hold its annual spring rally April 18 at the Prospect Baptist church, at which time a new plan for missionary work among all Baptist young people will be presented.

Facts about the state W. W. G. convention, April 19-21 at Wilmington, were presented in the manner of a Major Bowes program directed by Mrs. Wilson. Acting part were Miss Imogene Russell of Marion, Mrs. Jones, Miss Joan Johnson of Green Camp, Miss Sorrelles of Marion, Lee M. Kulliken of Marion and Miss Edith J. J. of Marion and Miss Edith J. J. of Marion.

Rev. Samuel D. Hawden, for 36 years a missionary in South Africa, gave statistics concerning population, language, religion and education in India. He was introduced by Rev. O. M. Lasley of the Prospect Baptist church.

A play, "The Upper Swin," directed by Miss Mary Catherine Byers, was presented by Misses Genevieve Albert, Barbara Milligan, Kathryn Furlenberger and Joan Creech of Marion Trinity Baptist church.

Mrs. Wilson, Mrs. Jones and Miss Unchetter were named to draw up a constitution for the guilds. An associated houseparty some time in June was announced by Mrs. Charles Kirby of Prospect.

The meeting was preceded by a pollack dinner. The dining room was decorated with blue and white bolls and the favors were tiny blue bolls hung in a small white arch.

Delegates from each guild and all officers will meet April 9 at the home of Mrs. Jones at 363 South State street.

C. & O. Railroad Finishing Extensive Track Laying Program Near Marion

115 Workers Busy Replacing 25-Mile Section; New Type Spike Being Used.

The Chesapeake & Ohio railroad is nearing the finish of a major track laying project in the Marion district, marking the opening of the new work season. It was announced today.

Since March 1 some 115 workers have been busy and have already put down 25 miles of north-bound track. Six more remain to be done between Delaware and Columbus. All but about two of the entire mileage is on the north-bound line.

Labour Cost \$500 Daily
The project cost will run up into several thousand dollars. The labor cost alone averages about \$500 a day, officials here said. The workers included two divisions gangs totaling about 80 men and a system gang of 55 men.

After completing work in the Marion district the system gang will move south of Columbus and lay rails down to Charleston, W. Va.

The new track replacing track which has been in use on an average of 10 years is standard 131 pound to the yard and re-

places 130-pound track. It requires 205 tons of track for each mile laid. Machinery was used in the work.

The project this year involves use of a new type of equipment, an "elastic" spike which replaces the old style cut spike. The "elastic" spike, so far used only by the C. & O., is made of spring steel and consists of two flat pieces of metal which operate by spring action to hold the

Planning a Garden?

Good Lawn Requires Nothing More Than Plenty of Work

By ROBERT E. GEIGER
Associated Press Feature Service
Writer.

There has been so much research on lawns recently that a good lawn is more a matter of effort than of accident.

Follow these rules, say experts, and a good lawn is almost a certainty.

SOIL PREPARATION

Spade or plow to depth of 8 to 10 inches. If soil is very light and sandy add good topsoil. Grade surfaces well, a moist, mucky, repulsive depression, cause poor drainage that kills some grasses. It helps most soils to work in liberal quantities of manure or peat moss, and it usually pays to add superphosphate to stimulate root growth. Fertilizers should be worked to a depth of two inches a week or two before seeding.

SEEDING—Select seeds that grow best in your region. Kentucky blue grass likes more time than fescue and bent grasses, and

it grows well in most areas. Bent grasses thrive in northern climates, but doesn't do well in midsummer heat. Chewing fescue is for shade places. Your dealer knows the best seed or mixture to use locally. In most areas fall seeding is considered best, but spring seeded lawns do well, too.

MAINTENANCE—Best time for watering an established lawn is early morning, mid-afternoon sprinkling is necessary if roots are shallow and the weather hot or if the soil dries rapidly.

FERTILIZING—If possible determine the soil's acidity and

CONCERT ON NEW PIANO TO BE GIVEN HERE THURSDAY

Miss Martha Sherman, widely known concert pianist, will give a free concert in The Star auditorium on Thursday night, April 4, at 8:15.

Miss Sherman will be in Marion at Hardens Music store on April 4 and 5 to demonstrate the new piano developed jointly by the Story & Clark Piano Co. and the RCA-Victor Manufacturing Co. She spent last summer giving daily concerts in the RCA building at the World's Fair in New York City and some days gave as many as 25 different performances. The new piano, a small spinet, is not amplified through a conventional wooden sounding board, but by high-fidelity amplification.

Few Give Paychek Any Hope Tonight

But Many Think Corn Belter May Make Louis Miss His 11:45 Train, Finns To Get Share of Gate

By SID FEDER
Associated Press Sports Writer
NEW YORK, March 25.—There is a reservation on the 11:45 p. m. train to Chicago tonight in the name of J. Louis.

The same J. Louis—the J stands for Joe—has a date to defend his heavyweight championship against Johnny Paychek of Des Moines at 10 o'clock this evening in Madison Square Garden for the entertainment of some 15,000 customers and the benefit of the Finns.

There were few boys and girls who could find any at all willing to wager against Louis making his train connection. Yet there was a growing belief among the inner circles along Crawford or Cussey in the last 24 hours that maybe the corn country contender might make enough trouble and delay the Bomber enough to force him to cancel his commitment.

Friends Hopeful
Mind you only Johnny's best friends were telling him he had a chance to actually dethrone the deadpan destroyer in this tenth defense in his record-breaking run as fistiana's Mr. Big. But you picked up the word around and about that while Johnny is

short on the left hand enough speed boxing ability and gun powder in his right hand to say he could win.

It is the fact that the 22-year-old fighter has been in the ring for 15 months, and that he has won 13 of his 14 fights, that has given him the belief of his greatest champion since Dempsey is slipping.

So he expects 15,000 of the faithful to go to the ring to see an anticipated fight of around \$20,000 tonight to see if it isn't true. Promoter Mike Jacobs figures the thing will pay as well as the Goddard Lewis fight of February 10, which drew less than \$20,000, and of \$30,000. He never let the total live this time, the first relief fund in for ten percent of the gross—off the top.

4 the box office men have 40 percent is going to turn over 75 percent of that and Paychek will donate 2 1/2 percent of his 20 percent pie.

Olds 8 to 1
Louis is long approximately 202 and has a 12 pound pull in the weights when the state athletic commission checks them in during the day and on top of everything else makes him this corner's choice to King. Johnny is 8 to 1 long that to sleep with his bombs in no more than four rounds.

Cincinnati Manager's Surprise This Year May Be Pitcher Hutchings

By DILLON GRAHAM
Associated Press Sports Writer
CINCINNATI, March 25.—It is getting to be just a surprise that for Bill McKechnie to come up with a pitcher to lead the team in 1940. He has tried down into the ring and under a pair of his old, veteran who were the pitchers, stars of the year—Jim Turner and Lou Feller.

For years age Bill spent a lot of early training time down here in Cincinnati, a young hurler that other managers had about as much use as a hen without teeth. When the season got under way, that boy Johnny Vander Meer pitched the first pair of shutouts in no hit games in major league baseball history.

YITT TO TRY VETS OUT ON N. Y. GIANTS

Harder and Allen To Show Stuff Tuesday.

By The Associated Press
COLUMBUS, Ga., March 25.—Manager Oscar Vitt won't lose the furrow in his brow until after the Cleveland Indians meet the New York Giants at Jacksonville, Fla., next Tuesday. That game should tell him what to expect this season from veteran right-handers Mel Harder and Johnny Allen who were left behind in the Tribe broke camp for a barnstorming trip. They haven't had a competitive test yet.

Goodman Hurt
TAMPA, Fla., March 25.—Lual Goodman, the Cincinnati Reds' crack right-fielder, still is a target for injuries. The slugger, who was lost for a good part of last season as the result of an injury in the All-Star game, was left behind when the Reds went to Miami for a few days. He is expected to be back in a few days.

Batters All Set
TALLAHASSEE, Fla., March 25.—Babe Ruth is going to be the New York Yankees' first baseman in this year and nobody has had much doubt about it. But the champions' managers are looking ahead and have Mike Cerrito, injured for future delivery at this spot. He was optioned to the Newark farm today with instructions to play him at first base instead of his old post in the outfield.

FAIR FIGHTS TONIGHT
By The Associated Press
CHICAGO, March 25.—Tom Zale of Gary Ind. recent conqueror of Al Hostak, the National Boxing association's middleweight champion, goes off his 10th straight victory tonight against Ben Brown, a soft Atlanta Ga. fighter.

son was one of the twirling stars of the year, winning 13 and losing 5. This year Turner, Vander Meer and Thompson along with Paul Derringer and Bucky Walters comprise the first five of Cincinnati's pitching staff.

McKechnie is taking several newcomers this year, but he got a hunch his surprise may be a blond Johnny Hutchings, a big looking right hander who breezes a fast ball past the plate with whistling speed.

John is 21, his broad shoulders stand 6 foot 2, weighs 205

five years. He was playing sand lot ball around Chicago when a Cubs scout signed him to play for Peoria. He went out to the Cubs training camp at Catalina Island in 1936 but they figured he needed more seasoning.

He spent a season with Port St. Louis, a short stretch with Birmingham and the last two years with Pensacola. He was almost as good two years ago as he was last season. He won 18 in 1938.

Hutch has a triple threat delivery. He mixes up his fast ball and his curve and confuses the batter by coming in first with an overhand pitch then a side arm and finally an underhand toss. Hutch says he has equally good control with all of these deliveries. He averaged walking less than two men a game.

It's a good long jump from Class B to the majors but Hutch may make it.

He's a real prospect, says McKechnie. Big and fast and strong with a lot of stuff. He'll have to be brought along slowly but I think we can use him.

Reds Given Good Chance To Grab Pennant Again

By The Associated Press
JANPA, Fla., March 25.—The Cincinnati Reds should win in the National league again for they are ready to go whereas the St. Louis Cardinals still are in a state of indecision about their infield and left batting star, Joe Medwick is disgruntled.

No other club in the league appears to have stung enough to seriously challenge the Reds with their great pitching staff. There is a feeling that Frankie Frisch might make a surprisingly good race with his Pittsburgh club and the Giants will be much better than last season but neither has the all-around class of the defending champions.

Blades All Mixed Up
The Cardinals have broken camp at St. Petersburg and Manager Blakes still doesn't know whether his shortstop is named Martin Marion, Ed Lake, Don Gutteridge, Jim Brown or Joe

SPORTS RESULTS
By The Associated Press
BOSTON, March 25.—The Boston Red Sox defeated the New York Yankees 11-0 in the first game of the season. The Red Sox scored four runs in the first inning and never looked back.

The Reds set three Cincinnati records in 1939. They batted in 14 runs, scored 76 and worked opposing pitchers for 497 passes.

3 Years — 2,238 Points
Wilma Jackson Ends High School Career, Foes Glad

By The Associated Press
KINGSFORD, Tenn., March 25.—Wilma Jackson won't be doing any more basketball playing for Sullivan high school—and the school's opponents aren't grieving a bit.

For three years Wilma has been the scourge of East Tennessee girls' basketball quintets. Her team ran through 77 consecutive victories before dropping a single contest.

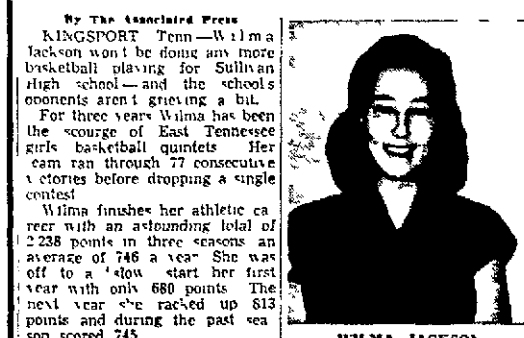

Wilma finishes her athletic career with an astounding total of 2,238 points in three seasons, an average of 746 a year. She was off to a slow start her first year with only 680 points. The next year she racked up 613 points and during the past season scored 745.

She probably would have made more except that she sometimes passed up a sure shot to give Helen Duncan her running mate the scoring chance.

I've never had to tell Wilma she was scoring too much," said Coach Tom Lacey. "In fact I have had frequently to tell her, 'to score often. I have seen her many times pass up sure baskets to toss

WILMA JACKSON
Helen the ball and let her shoot. Not that I wanted her to get all the points but any player who has a sure shot at a basket should take it. We all two points, a one point shot.

The Sullivan high school team had a 10-0 record in East Tennessee district championship this year.

OHIO A. A. U. CHAMPS GET SET FOR BOSTON

Eight Youths Win Way to National Tourney.

By The Associated Press
SPRINGFIELD, O., March 25.—Eight young Ohio amateurs won their state Amateur Athletic Union titles trained their sights on national crowns today as they prepared for the national A. A. U. tournament April 8 and 9 in Boston.

Runners up in the state tournament closing here last night will compete for junior A. A. U. national championships in Philadelphia.

State champions are flyweight Melvin Pullen, Dayton; featherweight Wilbur Waterman, Cincinnati; welterweight Raymond Grim, New Philadelphia; middleweight Robert Carlisle, New Philadelphia; light heavyweight Shelton Bell, Wilberforce; heavyweight James St. Amant, Wilberforce; bantamweight Edward Bradley, Wilberforce; lightweight Benton Cobbin, Cincinnati; and heavyweights also in 1939.

UPPER SANDUSKY WINS AT RICHWOOD

Wyandot Vaults Capture Top Prize in Tourney.

Wyandot Vaults of Upper Sandusky walked off with the championship and top prize of \$40 in the Richwood independent baseball tournament by defeating Magnetics Springs in a pair of decisive games last night. The Vaults defeated the Union county quintet 20-24 and 19-24. Two games were necessary because the tournament is conducted on a double elimination system and Magnetics Springs was previously unbeaten in an exhibition contest. Mansfield edged Richwood 23-20. Magnetics Springs was awarded second prize of \$20 and Carson's Dairy of Delaware won the \$10 third prize. Scores by periods follow:

Wyandot Vaults	8	12	2	10-24
Magnetics Springs	11	2	1	20-24
Richwood	3	8	2	23-20
Mansfield	8	2	8	23-20

Marriage Meddlers

By ADELE GARRISON

Made Offers Edith Advice on Marriage To Her Old Admirer

NEEDED no interpreter to give the meaning of what Edith had just said. She had put her problem to me personally, as if it were that of a hypothetical woman, but she was speaking of her cousin, Jim Paige, "fourth cousin" as her old aunt called him, who had been her admirer since her childhood. I was sure, would I have been her admirer until death.

"Under some circumstances," I began slowly, "I should think such a marriage, based on respect, mutual esteem and comradeship, might have distinct chances of success. Provided the man and the woman concerned were past their first romantic youth, which demands so much."

Edith gave a short laugh. "They are, definitely," she said. "Then," I hesitated, "I should be inclined to answer your question affirmatively. A marriage like that would be right."

My voice trailed off into silence, and Edith spoke quickly. "If the woman is not in love with someone else, you mean," she said. "But suppose, although

she has loved somebody else for years, she feels for the first time that though she is still not free from the thrill of that love, she hopes that she may forget her long folly. Do you think a marriage like that would help her to forget?"

Marriage vs. Past

"It might," I said slowly. "On the other hand, marrying one man with even the remnants of love for another in her heart might turn her affection for her husband into dislike, and ruin the marriage for both of them. Why couldn't she think and plan and hope for marriage—and let her faithful sweetheart hope also—but delay matters until she is sure that her love for the other man is dead beyond recall?"

I did not dare to look at her while I spoke, and I never have carried on a more embarrassing

conversation. I knew, and she knew that if our colloquy had been out in the open, it would have been run something like that: "Do I dare marry Jim Paige who loves me when he knows that I have no romantic love to give him?"

"Yes, unless you are still in love with my husband."

"But I'm hoping that marrying Jim may help me forget Dicky. I want to forget him."

"Better wait until you are sure that your love for Dicky is gone beyond recall."

Change of Heart

But these were words that could not well be spoken between us. That Edith knew them as well as I did, I realized when she suddenly rose from her chair, came over to mine, and pulled me up facing her.

"You have made things very easy for me, Marge," she said,

far easier than I deserve. There's no use our taking up the past—you have told me that—but I do want you to know that I never wittingly shall hurt you again in any way. And I am going to take your advice to the letter."

"I am so glad," I said, not pretending to misunderstand her.

"Now there's but one thing more," she said. "It's a sort of statement which I must make for my own self respect. You and Dicky must let me give up my share of the magazine."

BATTLE OF THE CENSUS

New Hampshire's "Green Mountain Boys" Fire Shot That Starts Census Question Rumpus

THE HOME FRONT

Census taker asks Mr. Citizen about most everything.

The Census Man starts knocking at America's door on April 2. He's the symbol of a battle that's been raging for weeks—and may continue for years. This article and the two to follow tell what it's all about.

By MORGAN M. BEATTY
Associated Press Writer

WASHINGTON—Twelve New Hampshire voters armed themselves with 36 cents in stamps and an irrefutable urge to write their congressman. And the 1940 Battle of the Census was on.

Thousands of private enlisted for the duration, on both sides. Firing became—and still is—general.

Those 12 New Hampshire voters may yet occupy a place in political history not unlike the role in world history of that Serbian youth who took a few pot-shots at an archduke's car, and launched off the World War.

For, in the long run, the Battle of the Census will be a real battle.

What those New Hampshire voters started was a curiously-sounding skirmish. The real battle to come—a struggle for survival of the fittest politician—may last for months, perhaps a couple of years. And before it's over political blood will flow in many a state in the Union.

Funny what a few voters with postage stamps and an urge can do in a democracy!

Tobey Got An Idea

Bald, speckled Senator Charles William Tobey of New Hampshire got the letters—and an idea. Hadn't somebody in upstate New York protested against income questions in the census? If 12 of his constituents didn't like them either, maybe he had something here. He'd see, so he asked the census bureau not to bother his voters with questions about their private affairs, like incomes, divorces, physical fitness to work, and whatnot, or at least let them answer to Washington by mail.

"Go into change our setup," said the census bureau.

"Oh, yeah?" retorted Tobey, making a bee-line for the nearest microphone with a nationwide hookup.

The senator's strategy clicked. After one month, he claims 14,000 recruits throughout the nation. Hundreds more letters poured in on other senators and congressmen. The census bureau said it got a few hundred, too.

Angry pen-wielders said the income question wasn't half of it, either. They'd been told over the radio they'd go to jail if they didn't answer. As red-blooded Americans, they just go to jail. So there.

The heat was definitely on. "Un-American, unlawful," shouted Tobey.

"Un-American yourself—absurd," spluttered harassed Harry Hopkins, formerly of the WPA, and now responsible for census questions as secretary of commerce.

Epithets burned the air at both ends of Constitution avenue. And still they come, burying the merits of the issue in blasts of hot words. It sounds more like the babble of the census.

'Business Sought Data'

For public consumption, Tobey insists the income and divorce questions violate the bill of rights, and exceed the authority of the secretary of commerce under the census law of 1929.

Also for the public ear, Harry Hopkins replies that the demand for the questions originated with professional and business groups and statesmen who needed to know something more about the incomes of people who make less than \$5,000 a year. Furthermore, says Hopkins, the facts about unemployment—our biggest unsolved problem—can be gathered accurately in no other way, and they're legal.

No doubt they both believe sincerely in what they say. But this being election year, and all, is THAT the whole story behind the battle of the census? Hardly.

Where did the questions come from, anyway? The census bu-

grams, speeches, bills, and what-have-you, dealing with unemployment and relief. Some of them are curious to know, too, whether the President was right—or talking through his hat—when he said one-third of the nation is ill-clad, ill-housed, and ill-fed.

Hopkins Interested?

It could be asked whether Harry Hopkins, a right bower in the White House, might not be interested in those questions for similar reasons. Would they prove the President's thesis? Justify New Deal spending for low-income Americans? And wouldn't the census taker's answers to those questions be ready to release to the public (and orators) in the heat of the coming presidential campaign? Maybe so, and maybe not.

And another stickler:

Why have none of the professional groups outside government that originally told Harry Hopkins he had their OK on census questions No. 32 and 33, come charging to the rescue of the beleaguered secretary?

They're not saying. But maybe they don't like to back publicly inquests into private incomes, or they figure they'll be singled in the political bonfires this fall. Or if they're anti-New Deal, maybe they agree with that senator, who said a couple of "silly questions" might lose the Democratic party a million votes this fall.

Republicans Cautious

And why hasn't the Republican party high command come blasting down the political highway to back up Senator Tobey?

Now we're getting warm. Positively hot, in fact. The Repub-

Weather Causes Heavy Damage to Pavements Here

Unusual weather conditions during the winter and early spring have resulted in the most damage to streets and highways in the city and county in several years, officials reported today.

While alternate periods of freezing and thawing always cause considerable damage, Safety Service Director Clyde C. Caldwell, County Engineer Carl H. Tozzer and state highway department employees agreed that the damage has been exceptionally heavy this year due to the frequent periods of extremely cold weather followed by periods of moderate weather.

State and county roads in the rural areas have been damaged in spots, they reported, and from all indications no section of the county fared worse than any other.

Church street apparently was damaged the most in the city although several rough spots have been reported on North Main street, Delaware avenue, Prospect street, Bellefontaine avenue and several other streets which are less traveled, Mr. Caldwell said.

Repair work already has started in the county and will soon get under way in the city, the officials reported.

Mr. Caldwell said the fact that Marion's streets were in good condition last fall probably saved them from more serious damage.

Rough spots which might have developed into more serious problems were repaired before the cold weather set in.

State Officers To Attend Caledonia District Session of Legion Women

Mrs. Llon Perry of Akron, president of the Ohio department of the American Legion auxiliary, will attend the Sixth district auxiliary spring conference Monday morning and afternoon at Caledonia.

Among other officers will be Mrs. Lee Moore of Zanesville, department secretary; Mrs. Fred Bann of Columbus, department radio chairman; Mrs. W. R. Shively of Columbus, a member of the department's special committee, and Herb Cowanover of Fredericktown, Sixth district commander of the Legion.

Several hundred women are expected to attend from Marion, Delaware, Franklin, Union, Knox, Licking, Madison and Morrow counties.

The meeting will be held in Memorial Methodist church, with women of the Caledonia auxiliary acting as hostesses.

Mrs. Wave Allen of Marion, district president and a member of the Caledonia auxiliary, will preside.

Opening Service

The Caledonia auxiliary, of which Mrs. Clarence Messmore is president, will be in charge of the opening service at 9:30. Mrs. Walter Blayne of Caledonia will

welcome the visitors and Mrs. E. J. Brelsford, president of the Newark auxiliary, will respond. Mrs. Eugene Rogers of Caledonia will serve as conference secretary.

The following district chairmen will make reports: Mrs. Tom Campbell of Mt. Gilead, representative; Mrs. Cowanover of Fredericktown, child welfare; Mrs. Ralph Ward of Mt. Vernon, Junior activities; Mrs. E. C. McCauley of Columbus, scholarship; Mrs. Allen, president's report. The roll call of membership will be made by Mrs. Lee Moore of Zanesville and Mrs. Fred Ruffner of Akron. The morning session will close with reports from each auxiliary. The Ladies' Aid society of the Memorial church will serve luncheon.

Guest Speakers

Mayor David Timson, School Superintendent G. W. Cox and Clarence Messmore, commander of Caledonia Post No. 401, American Legion, will be guest speakers at the opening of the afternoon session at 1:30.

Department and national citations for membership work will be awarded to several units and in addition prizes will be given the four winning organizations in

the district membership contest. Talks by the department officers and Mr. Cowanover will compose the remainder of the afternoon session. Mrs. Louis Siekel of Caledonia, registration chairman, will make the final report of the afternoon.

Both the morning and afternoon sessions will be open to the public.

WPA REVIEWS WORK IN MARION COUNTY

More Than 117 Miles of Paving Repaired in Projects.

More than 117 miles of Marion city and county roads, highways and streets have been improved by WPA during its four and a half years of existence, according to an announcement today from the federal agency's district headquarters at Columbus.

The figures on construction work for 41 Ohio counties were announced and they show that

most of the improvements were on "rural" roads, chiefly farm-to-market connections. In the 41 counties the total mileage was 9,770 and 9,996 of this was "rural."

In Marion county the total was 117.88 miles of which 91.28 miles were classified as rural.

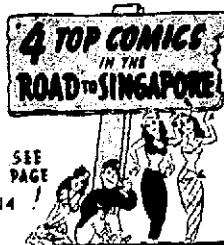

In District No. 6, which has 26 central Ohio counties including Marion, the totals are 2,456.60 miles, including 2,006.26 rural.

Figures for nearby counties are: Crawford—133.73 (116.81 rural); Delaware—27.18 (21.68 rural); Hardin—194.65 (161.74 rural); Morrow—61.93 (61.88 rural); Union—22.78 (22.15 rural); Wyandot—25.71 (24.76 rural).

The totals include work done by the state highway department with WPA labor.

The state projects were started late in 1938. At present there are two state projects in Marion county, on the Green Camp road and on the Morral-Brush Ridge road.

New building sites are gutters to drain water entering walls out of instead of into buildings.

I compared 7 cars before I bought my 1940 Packard. Performance and ease-of-handling sold. Low maintenance cost is keeping me sold. I've spent only 14.562 miles of hard driving. I've spent only \$3.30 for service, including lubrication. Seal cars I've owned were no cheaper to run.
